

Merk: **Canton**

Model: 02698

€ 439,00

Omschrijving

Powerful active subwoofers work subtly and ensure a solid bass foundation. As power-pack for every home cinema system, they convey the emotions of the film. Their generous reverberation systems combined with patented Canton wave surround and aluminum membranes give the systems their precise mechanical performance. The integrated room compensation technology allows the speakers to be adjusted to suit the acoustics of the room and the listening habits of the user.
